Rides Per Client

1-3 round-trip rides per client to overcome short-term transportation barriers

How It Works

Step 1

The agency or person dials 2-1-1 and indicates they are calling about the Ride United's Transportation Access Program.

Step 2

The 211 Community Resource Specialist will confirm the person's eligibility based upon the criteria noted above.

Step 3

If the person is deemed eligible for the service, 211 will schedule the Lyft ride. (Transportation service can be arranged up to one week prior to the date of service.)
