

Updating Your Internet Browser

Steps to Update Supported Internet Browsers; Your First Troubleshooting Step

The steps below are for the three supported browsers: Edge, Internet Explorer, and Chrome. If you are using a non-supported browser, you will need to download the supported browser of your choosing.

Edge

Steps to Update Microsoft Edge:

- Click the Start button 
- Click Settings
- Select 'Updates & Security'
- Click 'Windows Update'
- Click 'Check for Updates' Windows 10 will connect to Microsoft and check for any updates ○ If updates are found, they will be installed and you will get the latest version of Edge
- [Edge - Updating](#)

Internet Explorer

Steps to Update Microsoft Internet Explorer:

- Check your current version by: ○ Open Internet Explorer, select Tools button (or the Help button if you're using Internet Explorer 8) ○ Choose 'About Internet Explorer' to view your version number
- Download most recent version for your OS from:
- [Internet Explorer - Updating](#)

Chrome

Steps to Update Google Chrome:

- On your computer, open Chrome
- At the top right, click 'More'
- Click 'Update Google Chrome' ○ If you don't see this button, you're on the latest version
- Click 'Relaunch after update has processed'
- [Chrome - Updating](#)
